

Technical Data Sheet

UV (ultra violet) Marker

Marks Only Visible Under UV Light

FEATURES

- Makes permanent invisible marks on virtually any surface including plastic, metal and more.
- Marks go on invisible but illuminate blue under a black light.
- Excellent for quality control processes, tamper evidence, tagging, ownership, anti-counterfeiting and much more.
- Valve action mechanism prevents paint in barrel from drying when the cap is left off.
- Heavy duty aluminum body with large paint capacity.
- Bullet tips are replaceable to assure complete use of paint in each marker.

MATERIALS COMPATIBILITY

AVAILABLE IN:

PART#

91195

- Safe on most surfaces.
- Removable with Dykem® Remover & Cleaner.
- Surface tests should be run to determine compatibility prior to use.

HEALTH AND SAFETY

- Combustible liquid and vapor. Keep away from heat, sparks and flame. Use only with adequate ventilation. Avoid contact with skin and eyes.
- Refer to MSDS (Material Safety Data Sheet) for complete information on health and safety. Visit website our www.dykem.com to obtain MSDS.

UV Marker

PHYSICAL PROPERTIES

Appearance: Clear Odor: Aromatic

Specific gravity: <1

VOC level: 90% by weight

Flash point: 108°F

Dry Time*: 25-30 seconds

DIRECTIONS FOR USE

- Depress tip to start flow
- Replace cap when not in use

Note: Drying time may vary depending on film thickness.
